Technical Internship Industry Evaluation

HvA – Applied Physics

Student name: ☐

Research Skills

Grade: ☐

a. Analytical skills	☐	☐	☐	☐	☐	☐
Criterion / indicator	++	+	+/-	-	- -	**N/A**

- Translating internship goals into concrete technical steps (in consultation)
- Justifying technical choices and approach
- Proactively proposing follow-up steps

b. Experimental skills	☐	☐	☐	☐	☐	☐
Criterion / indicator	++	+	+/-	-	- -	**N/A**

- Drafting and following an action plan
- Performing troubleshooting for technical issues
- Interpreting results and drawing step-by-step conclusions
- Adjusting the approach based on findings (with supervisor)
- Assessing and correctly using equipment and settings
- Identifying improvement opportunities for the project or technology

Project Skills

Grade: ☐

a. Project setup	☐	☐	☐	☐	☐	☐
Criterion / indicator	++	+	+/-	-	- -	**N/A**

- Clearly formulating project goals and scope
- Drafting an action plan and schedule
- Aligning constraints, resources, and dependencies

b. Project execution	☐	☐	☐	☐	☐	☐
Criterion / indicator	++	+	+/-	-	- -	**N/A**

- Executing the action plan
- Proactively communicating progress with the supervisor
- Adjusting the action plan based on insights and feedback
- Timely identifying and discussing risks and bottlenecks

c. Project delivery	☐	☐	☐	☐	☐	☐
Criterion / indicator	++	+	+/-	-	- -	**N/A**

- Proposing follow-up steps based on intermediate results

Data Skills

Grade: ☐

a. Data collection and preprocessing	☐	☐	☐	☐	☐	☐
Criterion / indicator	++	+	+/-	-	- -	**N/A**

- Collecting experimental or technical data
- Structuring and preparing data for analysis

b. Data analysis and statistics	☐	☐	☐	☐	☐	☐
Criterion / indicator	++	+	+/-	-	- -	**N/A**

- Applying appropriate analysis and statistical methods
- Critically checking results for consistency and quality

c. Data visualization and interpretation	☐	☐	☐	☐	☐	☐
Criterion / indicator	++	+	+/-	-	- -	**N/A**

- Clearly visualizing data
- Interpreting physical and technical results
- Using visualizations to support analysis and conclusions
